I have just been emailing and typing out the dates. I have been going back and forth between the docs trying to figure out who all will be doing reports this year with all the VOBOS that I'm a little cross eyed. Here's this year's due date list.

The reports would be nice. I don't know if this is what you are getting ready to send out: but if it is you have 2015 on the dates and not 2016. Please be sure and let me know if you need for me to follow up, I will gladly do that. If Pam reviews and approves then I am good. She is usually good about letting me know if there are issues on other things.

Subject: Programmatic Reports

There are several programmatic reports that are sent electronically to various people at the Capitol each year by State Statute. I have included the reports that fall under your area in addition to the due dates. There are three due dates. The first is to Pam Archer to review. The next is to Carter and Dr. Cline (who review separately), and the third is the due date to the Capitol. After Dr. Cline's review and before they are sent to the Capitol, I have to do a line by line comparison of the hard copy to the electronic copy which can be a lengthy process for the longer reports.

I send out reminders along the way starting pretty early so that people have plenty of advanced warning to prepare the reports. Last year we had reports turned in to Pam as much as 28 days late. You can imagine it was difficult for us to get them to the Capitol on time but we managed somehow. To avoid scrambling around this year, I have pushed up the original due dates to Pam by seven to ten days. I will notify you if we don't receive them in a timely fashion so you can follow up. I'm not sure if you review them before they come to Pam or not, but I can ask Hank to be sure and get back to you. Would you like me to send you last year's electronic reports of each of these so you know what to expect?
